Stephen Marks (Assistant Business Administration)
94 Washington Street
Hoboken, New Jersey 07030

Dear Mr. Marks

On behalf of the Hoboken Historic Preservation Commission, I am writing in support of the project to revitalize, rehabilitate and resurface Washington Street, in Hoboken, New Jersey. I am sending this to express support of the City's application for a TIGER grant to the USDOT.

The Historic Preservation Commission supports the project since Washington Street is major transportation route active commercial corridor and also a viable historic district in the North New Jersey region.

If the Historic Preservation Commission can be of assistance in the implementation of this project or if more information is required, please contact me or the Historic Preservation Commissioners.

Dennis English Chairman

Hoboken Historic Commission
