

June 4, 2015

Dear Mayor Zimmer,

Public Service Electric & Gas Company (PSE&G) has an historic commitment to the municipalities within PSE&G's service area and we seek opportunities to strengthen the communities that we serve by providing exceptional reliability and by demonstrating the values of a strong corporate citizen. These initiatives include community partnerships and infrastructure investments which are consistent with your application for a U.S. Department of Transportation's (DOT) Transportation Investment Generating Economic Recovery (TIGER) grant.

Supporting initiatives that promote green infrastructure and economic vitality for business retention, expansion and attraction is a priority for PSE&G; and, as you know, as of this writing, PSE&G is in the midst of upgrading the electric infrastructure in the City of Hoboken.

Today, citizenship at PSEG means continuing to deliver on that vital public service – and more – by taking a stronger interest in the needs of our customers, communities, shareholders and employees and we commend your initiative in this regard.

Sincerely,

A handwritten signature in blue ink that reads 'John P. Margaritis'. The signature is written in a cursive style with a large initial 'J'.

John P. Margaritis  
Project Director Public Affairs
