City of Hoboken  
94 Washington Street  
Hoboken, NJ 07030

To the U.S. Department of Transportation and All Interested Parties:

On behalf of United Water Environmental Services, I want to lend our strong support of the City of Hoboken's plans for the complete redesign of Washington Street.

As fully described in the City of Hoboken's well-vetted plan, completion of the project brings with it tremendous improvements in mass transit, public safety, economics and quality of life.

We have worked hand in hand with the City of Hoboken for decades and are fully confident that it will complete the project as planned, on time and within budget. We are proud to be working with the City on their infrastructure renewal strategy. Hoboken has shown admirable foresight in proceeding with the water main project ahead of the completion of street resurfacing and redesign.

Best regards,

A handwritten signature in black ink that reads 'Nadine Leslie'. The signature is written in a cursive, flowing style.
